Summer Dance Workshops 2010

Summer is a great time for dance; for beginners, it's a chance to try different styles of dance with a short time commitment and for more experienced dancers it's a time to focus on dance technique and concepts without a busy school schedule. We hope you find something to suit your interest. Please return the attached registration form by May 1st with your nonrefundable \$25 deposit to confirm your spot. Your balance in full will be due by the first day of class. Don't hesitate to call the studio with any questions? Ask for Nicole: 238-8685.

Introduction to Dance: A combination of dance styles (ballet, tap and jazz) with creative projects and video aides to correspond with each day's lesson. Dress/hair expectations: leotards, bike shorts or tights, jazz or stretch leggings and hair pulled back neatly from face. A hard sole dress shoe will work for tap.
